

**DSC gathering public input in preparation for third draft Delta Plan**

The Delta Stewardship Council (DSC) is holding a workshop this week to gather public input on the Delta Plan. The workshop is scheduled for today and tomorrow, April 14 and 15, in Sacramento. The [agenda](#) and meeting details are available on the DSC website. Comments made at the workshop will contribute to the development of the third staff draft of the Delta Plan which is set to be released on Friday, April 22.

Update on BDCP set for next week in Sacramento

A public meeting on the Bay Delta Conservation Plan (BDCP) will be held Monday, April 25, in Sacramento. There will be an update on the BDCP, including the process for resolving key features of the draft plan, and environmental analysis needed before the plan gets final approval. The [agenda](#) and webcast information are available on the [BDCP](#) website.

Opportunity for local agencies to weigh in on draft flood plan

DWR is hosting a workshop next month for a [draft sample flood safety plan](#). The workshop will be held Wednesday, May 4, in Sacramento. This is an opportunity for local governments and agencies to improve flood emergency preparedness and ensure continued state funding eligibility of project levee upgrades. Details are available in this [workshop notice](#).

Water quality network offering two webinars in May

The California Water Quality Monitoring Collaboration Network has two webinars on the schedule for next month. On Monday, May 16, it will feature a model to understand [nitrogen and phosphorus transport](#) in California. A webinar on Thursday, May 19, will go over the process of selecting and [working with laboratories](#). More than 20 previous webinars are available on the [network's website](#).

DWR achieves Climate Action Leader status for third time

DWR has been awarded Climate Action Leader status for the third year in a row by the [California Climate Action Registry](#). To achieve the honor, DWR documented and reported its greenhouse gas emissions to the registry and had the reports verified by an independent auditor. Only a handful of state agencies have been named Climate Action Leaders.

UC Davis to hold discussion on water management book

On Monday, April 18, the UC Davis Center for Watershed Sciences will host a [brown bag discussion](#) of the new book "[Managing California's Water: From Conflict to Reconciliation](#)." It calls for consideration of wide-ranging water management reforms to benefit the economy and the environment.
